## Explanatory Notes

---

## PREFACE

The legislation to which these explanatory notes relate implements tobacco tax measures announced by the Minister of Finance on April 5, 2001. It also implements a measure proposed in Budget 2000 reducing the exemption threshold under the current tax on exports of tobacco products under Part III of the *Excise Tax Act*.

The amendments to the *Customs Act*, the *Customs Tariff*, the *Excise Act* and the *Excise Tax Act* implement new tax measures with respect to domestic tobacco tax rates, exports of tobacco products, tobacco products sold in duty free shops or as ships' stores, and tobacco products imported by resident travellers. The proposed amendment to the *Income Tax Act* implements an increase in the surtax on a corporation's tax payable under Part I of that Act on profits from tobacco manufacturing.

The legislation also implements a number of related and consequential measures. These include provisions related to the application of interest in respect of taxes or duties newly introduced or increased under this legislation, new restrictions on the entry of tobacco products into bonding warehouses, and their subsequent removal, new stamping requirements and new offence and penalty provisions under the *Excise Act*.

The explanatory notes describe the proposed measures, clause by clause, for the assistance of Members of Parliament and Senators, as well as taxpayers and their professional advisors.

These explanatory notes are provided to assist in the understanding of the proposed measures. They are for information purposes only and should not be construed as an official interpretation of the provisions they describe.

## Clause 1

### Short Title

Clause 1 provides that the enactment to which these notes relate may be cited as the "Tobacco Tax Amendments Act, 2001".

## Clause 2

### Licences

#### Customs Act

#### 24(1)(c)

Section 24 of the *Customs Act* sets out the conditions under which the Minister of National Revenue may issue a licence for the operation of a sufferance warehouse or a duty free shop. Existing paragraph 24(1)(c) refers to a duty free shop as one in which goods are sold "free of duties or taxes". This phrase is amended, as of April 6, 2001, to refer instead to the shop as one in which goods are sold free of "certain" duties or taxes. This change reflects the fact that, as of April 6, 2001, manufactured tobacco sold in duty free shops will bear excise duty and/or excise tax as a result of amendments to the *Excise Act* and the *Excise Tax Act* (see commentary on clauses 8, 9 and 18).

## Clause 3

### Duty on Tobacco Products Imported by a Traveller

#### Customs Tariff

#### 21(2) to (4)

Existing section 21 of the *Customs Tariff* imposes a duty on imports of goods subject to excise, (i.e., beer, spirits, cigars and manufactured tobacco products) equal to the duty that would have been imposed on the goods under the *Excise Act* had the goods been manufactured in Canada and entered into the domestic market for consumption. This duty ensures that imported goods are subject to the same amount of duty as are like goods produced in Canada. However, relief from this

duty is provided, by virtue of Chapter 98 of the List of Tariff Provisions set out in the schedule to the Act, or by virtue of paragraph 83(a) of the Act, for goods imported by a returning resident of Canada for the resident's personal use, up to a maximum specified value, and quantity in the case of alcohol and tobacco, referred to as the "traveller's allowance".

Section 21 is amended to impose a new duty on the imported manufactured tobacco, defined under new subsection 21(4) as "traveller's tobacco", that qualifies for relief from existing duties under the traveller's allowance or similar provisions for returning residents. As a result, returning residents will be required to pay duty, either under existing subsection 21(1) or new subsection 21(2), on all manufactured tobacco they import.

The new duty under subsection 21(2) is imposed on quantities of tobacco not exceeding 200 cigarettes (one carton), in the case of cigarettes, 200 sticks, in the case of tobacco sticks, and 200 grams in the case of other manufactured tobacco (e.g., fine-cut tobacco).

The new duty is imposed at the following rates:

- \$10.00 per carton of 200 cigarettes,
- \$7.00 per 200 tobacco sticks; and
- \$6.00 per 200 grams of manufactured tobacco other than cigarettes and tobacco sticks.

The new duty under subsection 21(2) applies to tobacco products imported on or after October 1, 2001.

New subsection 21(3) of the *Customs Tariff* provides relief from the duties imposed under section 21 (including the new duty under subsection 21(2)) on manufactured tobacco imported by an individual for their personal use if the tobacco bears a stamp as required under the *Excise Act* and the duty under that Act has been imposed.

All tobacco products on which duty under the *Excise Act* has been imposed are required to bear a stamp. Therefore, the presence of such a stamp on imported manufactured tobacco will signify that the duty imposed under the *Excise Act* has been applied. New subsection 21(3) thus ensures that Canadian-produced manufactured tobacco on which duty has been imposed prior to its removal from the country is not

subject to duty again on its subsequent importation. New subsection 21(3) comes into force on April 6, 2001.

Existing subsection 21(2) of the *Customs Tariff* is renumbered as subsection 21(4). In addition, the provision is amended to add a definition of "traveller's tobacco" for the purposes of the new duty under subsection 21(2) of the Act. These amendments are also effective April 6, 2001.

## Clause 4

### Reduction in Quantity for Purposes of Calculating Duty

#### Customs Tariff 83(a)

Where duty-relief is available under the *Customs Tariff* for a maximum value or quantity of goods imported by a returning resident (referred to as the "traveller's allowance") and the amount imported by the resident exceeds that specified limit, section 83 of the Act in effect allows the duty relief up to the amount that would otherwise qualify. This applies, among other things, to tobacco products brought into Canada by a returning resident. Under the traveller's allowance, the resident is allowed, under the existing legislation, to import duty-free up to one carton of cigarettes, one carton of 200 tobacco sticks and 200 grams of other manufactured tobacco.

This relief continues to apply to existing customs duties, excise taxes and duties and the goods and services tax or harmonized sales tax. However, as of October 1, 2001, a new duty is imposed under subsection 21(2) of the *Customs Tariff* on imported manufactured tobacco qualifying for the relief from the other duties and taxes on the basis of the traveller's allowance (see commentary on clause 3). Section 83 is therefore amended to clarify that it does not apply for purposes of the new duty. This amendment comes into force on October 1, 2001, which coincides with the effective date of the new duty under subsection 21(2).

## Clause 5

### Relief on Goods Removed from Bonded Warehouse

#### Customs Tariff

#### 92(3)

Section 92 of the *Customs Tariff* specifies the time of payment of, and provides relief from, duties (including excise taxes and duties imposed under the *Excise Act* and the *Excise Tax Act*) on goods delivered to a bonded warehouse in various circumstances.

Amendments to the latter two Acts, effective April 6, 2001, result in the imposition of excise duties and taxes on certain manufactured tobacco that apply despite the fact that the tobacco is entered into a bonded warehouse, and that are payable as and when specified in those Acts. Therefore, new subsection 92(3) of the *Customs Tariff* provides, for greater certainty, that section 92 of that Act does not apply to excise taxes imposed under Part III of the *Excise Tax Act*, or any excise duty imposed under the *Excise Act*, in respect of manufactured tobacco that is manufactured or produced in Canada.

This amendment comes into force on April 6, 2001, but does not apply to manufactured tobacco that was entered into a bonding warehouse before that day.

## Clause 6

### Traveller's Allowance

#### Customs Tariff

#### Schedule, Chapter 98, Note 4

Note 4 to Chapter 98 of the List of Tariff Provisions set out in the schedule to the *Customs Tariff* is amended to provide that references in the Chapter to "duties" do not include references to the duty imposed under new subsection 21(2) of the Act (see commentary on clause 3). This is to clarify that tobacco products that are imported by a resident and that qualify for relief under the traveller's allowance are not relieved from the new duty imposed on "traveller's tobacco" (as defined in new subsection 21(4)).

This amendment comes into force on October 1, 2001, which coincides with the effective date of the duty under new subsection 21(2).

## Clause 7

### Definitions

#### Excise Act

##### 6

Section 6 of the *Excise Act* sets out definitions relating to tobacco products that apply for purposes of the Act.

Section 6 contains definitions of the terms "cigar stamp" and "tobacco stamp". The Act requires these stamps to be affixed to the tobacco product or its packaging. The stamps are used to indicate that either excise duty or the additional duty under section 21 of the *Customs Tariff* has been paid on the stamped product.

These definitions are amended, effective April 6, 2001, to include a reference to stamps that may also be required to be affixed to the carton or other outer container of the product. These amendments come into force on Royal Assent.

Section 6 is further amended by adding the definitions "foreign duty free shop" and "foreign ships' stores", effective April 6, 2001. These terms are relevant to new sections 52.1 and 58.1 of the Act (see commentary on clauses 8 and 9). Both terms take their meaning from amended subsection 2(1) of the *Excise Tax Act* (see commentary on subclause 16(2)).

"Foreign duty free shop" refers to a retail store that is located in a foreign country and that is authorized under the laws of that country to sell goods free of certain duties and taxes to individuals who are about to leave the country. "Foreign ships' stores" refers to tobacco products that are taken on board a vessel or aircraft while it is outside Canada and that are intended for consumption by, or sale to, the passengers or crew while on board the vessel or aircraft.

## Clause 8

### Limitation on Entry of Tobacco Into Bonding Warehouse

Excise Act

52.1

New section 52.1 of the *Excise Act* sets out new limitations on when Canadian-produced manufactured tobacco (i.e., all tobacco products other than cigars) can be entered into a bonding warehouse in order to defer or avoid payment of excise duties. The section prohibits the entry into a bonding warehouse of manufactured tobacco that is intended to be removed for delivery to a licensed Canadian duty free shop, export and delivery to a foreign duty free shop, delivery in Canada as ships' stores, export and delivery as foreign ships' stores, or entry into a customs bonded warehouse.

The effect of this provision is to ensure that, in the circumstances it describes, the excise duty under section 200 of the Act is imposed on the manufactured tobacco. Under section 47 of the Act, all tobacco products manufactured in Canada that are not entered into a bonding warehouse must be entered for consumption. They are charged with the applicable duty at the time they are completely manufactured, and must be stamped in accordance with the Act.

New section 52.1 comes into force on April 6, 2001.

## Clause 9

### Removal of Goods from Bonding Warehouse

Excise Act

58 and 58.1

### Section 58 Removal of Goods Other Than Tobacco Products

Section 58 of the *Excise Act* sets out the circumstances under which goods can be removed from a bonding warehouse without payment of excise duties. Subsection 58(1) is amended so that it no longer applies to cigars and manufactured tobacco. Instead, the rules contained in new section 58.1 apply to those products.

This change comes into force on April 6, 2001, except that existing subsection 58(1) continues to apply to manufactured tobacco entered into a bonding warehouse before that day. In that case, however, existing subsection 58(1) is subject to the new restriction (under subsection 58.1(4)) on the quantity of manufactured tobacco that a manufacturer can remove from a bonding warehouse for export in bond in any given year. It should be noted that no such quantity restriction applies to partially manufactured tobacco or foreign brand tobacco (both as defined in new subsection 58.1(1)) as those products are excluded from the definition "manufactured tobacco" for purposes of applying new subsection 58.1(4).

Existing subsection 58(2) also provides for the removal of goods from a bonding warehouse without the payment of duty in certain cases. It does not apply to manufactured tobacco or cigars. It is amended, and subsection 58(3) is added, to reflect minor wording changes that are made for consistency with other provisions of the Act.

#### Section 58.1    Removal of Tobacco Products from Bonding Warehouse

New section 58.1 sets out the rules governing the removal of tobacco products from a bonding warehouse.

##### Subsection 58.1(1)    Definitions

For purposes of section 58.1, "manufactured tobacco" does not include partly manufactured tobacco, being cut filler, cut rag or tobacco products manufactured less fully than cut filler or cut rag. References in the section to "manufactured tobacco" also exclude references to "foreign brand tobacco". "Foreign brand tobacco" refers to tobacco products that are prescribed under section 23.3 of the *Excise Tax Act*, which are produced in Canada exclusively for export. Partially manufactured tobacco and foreign brand tobacco are both dealt with under new subsection 58.1(7).

Subsection 58.1(1) comes into force on April 6, 2001.

### Subsection 58.1(2) Categories of Manufactured Tobacco

Subsection 58.1(2) provides that, for purposes of subsection 58.1(4), cigarettes, tobacco sticks and manufactured tobacco other than cigarettes and tobacco sticks each constitute a separate category of manufactured tobacco. Subsection 58.1(4) sets out a limit on the quantity of each category of manufactured tobacco that can be exported in bond by the manufacturer each year.

Subsection 58.1(2) comes into force on April 6, 2001.

### Subsection 58.1(3) Removal of Manufactured Tobacco in Bond

Subsection 58.1(3) provides that manufactured tobacco (as defined in subsection 58.1(1)) may be removed from a bonding warehouse without payment of duty only if it is:

- removed by its manufacturer and exported in bond in accordance with subsection 58.1(4) and not to a foreign duty free shop or as foreign ships' stores (as defined in amended section 6);
- removed by its manufacturer and entered into another bonding warehouse in bond; or
- released to accredited representatives (i.e., foreign diplomats) for their personal or official use.

The removal and exportation, entry or release, as the case may be, must be in accordance with the applicable regulations made under the Act.

The effect of this new provision is to no longer permit manufactured tobacco to be delivered duty-free to a duty free shop or as ships' stores, as is allowed under the existing legislation. This rule coincides with new section 52.1, which prohibits manufactured tobacco from being entered into a bonding warehouse if it is intended to be delivered for such purposes. Together, these provisions ensure that all Canadian-produced manufactured tobacco to be exported for delivery to a foreign duty free shop or for use as foreign ships' stores, or delivered in Canada to a duty free shop or for use as ships' stores, is entered for consumption and thus bears duty under the *Excise Act* at the time it is fully manufactured. The tobacco is also subject to excise

tax under new section 23.11 of the *Excise Tax Act* (see commentary on clause 18).

New subsection 58.1(3) comes into force on April 6, 2001, but does not apply to manufactured tobacco entered into a bonding warehouse before that day.

#### Subsections 58.1(4) and (5)      Maximum Quantity Permitted to be Exported In Bond

While subsection 58.1(3) continues to permit manufactured tobacco to be exported in bond otherwise than to a foreign duty free shop or as foreign ships' stores, subsection 58.1(4) limits the quantities that can be so exported each year by a manufacturer without the payment of duty. The maximum quantities are established for each category of manufactured tobacco (as defined in subsection 58.1(2)).

The exemption threshold is equal to 1.5% of the manufacturer's preceding year's production of the particular category of manufactured tobacco, not including, pursuant to subsection 58.1(5), tobacco that the manufacturer exported for delivery to a foreign duty free shop or as foreign ships' stores. Also excluded from this calculation is all "foreign brand tobacco" (as defined in subsection 58.1(1)), given its exclusion from the definition of "manufactured tobacco" in that subsection.

Exports of manufactured tobacco in excess of the maximum quantities provided for under subsection 58.1(4) are charged with the excise duty under the *Excise Act*. In addition, such exports are subject to the new excise tax imposed under subsection 23.13(2) of the *Excise Tax Act* (see commentary on Clause 18).

New subsections 58.1(4) and (5) generally apply to manufactured tobacco removed from a bonding warehouse after April 5, 2001, but do not restrict the removal of tobacco to be exported for delivery to a foreign duty free shop or as foreign ships' stores if the tobacco was entered into the warehouse before April 6, 2001.

#### Subsection 58.1(6)      Removal of Cigars in Bond

Subsection 58.1(6) incorporates the rules governing the removal of cigars from a bonding warehouse, which, under the existing

legislation, are found in subsections 58(1), (3) and (4). All the rules relating to tobacco products are now contained in new section 58.1. There are no substantive changes to these rules relating to cigars.

Subsection 58.1(6) comes into force on April 6, 2001.

Subsection 58.1(7)      Removal of Partially Manufactured Tobacco or Foreign Brand Tobacco in Bond

Subsection 58.1(7) incorporates the rules governing the removal from a bonding warehouse of partially manufactured tobacco or foreign brand tobacco (both as defined in subsection 58.1(1)). Subsection 58.1(7) provides that partially manufactured tobacco or foreign brand tobacco may be removed from a bonding warehouse only if it is entered into another bonding warehouse in bond or is exported in bond and not for delivery to a foreign duty free shop or as foreign ships' stores. Therefore, for example, under new subsection 58.1(7), foreign brand tobacco cannot be delivered by its manufacturer to a duty free shop, domestic or foreign, without the payment of duty.

Subsection 58.1(7) comes into force on April 6, 2001, except that existing subsections 58(1), (3) and (4) continue to apply to tobacco entered into a bonding warehouse before that day.

Subsections 58.1(8) and (9)      Diversion

New subsections 58.1(8) and (9) incorporate the rules applicable when foreign brand tobacco (as defined in subsection 58.1(1)) or cigars are sold, used or removed from a bonding warehouse for a different purpose than that for which they were acquired and for which they qualified for duty relief. Under the existing legislation, these rules are contained in subsection 58(6). They are moved to new section 58.1 so that all the rules relating to the removal of tobacco products from a bonding warehouse are contained in the same section. It should be noted that new subsection 58.1(8) is also intended to cover the circumstances set out in existing subsection 58(5), which is repealed.

Subsections 58.1(8) and (9) come into force on April 6, 2001.

## Clause 10

### Penalty for Removal from Bonding Warehouse for Certain Exports

#### Excise Act

##### 102.1

New section 102.1 of the *Excise Act* imposes a penalty on a person who removes manufactured tobacco (as defined in subsection 58.1(1)) from a bonding warehouse for export in bond otherwise than in accordance with new subparagraph 58.1(3)(a)(i) and paragraph 58.1(3)(b). Subparagraph 58.1(3)(a)(i) prohibits certain exports in bond and requires adherence to new subsection 58.1(4), which imposes a quantity restriction on exports in bond (see commentary on clause 9). Paragraph 58.1(3)(b) requires that the removal and exportation of the tobacco be in accordance with the applicable regulations made under the Act.

The penalty is in addition to all duties and taxes payable in respect of the manufactured tobacco, and is equal to the total of those duties and taxes. The penalty becomes payable at the time the tobacco is exported.

New section 102.1 comes into force on April 6, 2001.

## Clause 11

### Penalty and Interest

#### Excise Act

##### 110.1(1)

Section 110.1 of the *Excise Act* imposes a liability to pay interest and penalty where there is a default in the payment of a duty payable under the Act. The subsection is amended, effective April 6, 2001, to also apply in the case of a default in the payment of a penalty payable under the Act, such as the new penalty under section 102.1 of the Act (see commentary on clause 10).

**Clause 12****Packaging and Stamping of Manufactured Tobacco and Cigars**

Excise Act

201(1) and (2)

Section 201 of the *Excise Act* provides that a manufacturer of cigars or manufactured tobacco must satisfy packaging and stamping requirements for the products, as set out in the ministerial regulations under the Act, before the products are entered for consumption in Canada. Subsections 201(1) and (2) are amended to refer also to the stamping of cartons, boxes, crates or other outer containers of tobacco products. Amendments to section 211 of the Act extend the authority to make regulations in respect of stamps on those containers. These amendments come into force on Royal Assent.

**Clause 13****Stamp Regulations**

Excise Act

211

Section 211 of the *Excise Act* provides authority for the Minister of National Revenue to prescribe by regulation the form of stamps, the information to be provided on stamps, and the manner of affixing stamps, to tobacco products or to certain packages of tobacco products. This section is amended to extend the authority of the Minister to make similar regulations with respect to stamps to be affixed to cartons, boxes, crates or other outer containers of tobacco products. This amendment comes into force on Royal Assent.

## Clause 14

### Absence of Stamps

#### Excise Act

#### 239.1(1) and (2)

Subsection 239.1(1) of the *Excise Act* provides that the absence of a proper stamp on tobacco products or packages of tobacco products sold, offered or kept for sale, or in a person's possession, constitutes notice for the purposes of the Act that excise tax and either the excise duty or the additional duty under the *Customs Tariff* have not been paid. The subsection is amended to refer also to the absence of any required stamps on cartons, boxes, crates or other containers of tobacco products, given that amendments to section 211 of the Act permit ministerial regulations to be made in respect of stamping requirements on such outer containers as well. This amendment to subsection 239.1(1) comes into force on Royal Assent.

Subsection 239.1(2) provides that tobacco products that do not meet the prescribed stamping requirements shall be forfeited to the Crown and seized in various circumstances described in the subsection. Under the existing subsection, those circumstances do not include when manufactured tobacco or cigars are sold or offered for sale as ships' stores or to a duty free shop. Under the existing law, excise duty is not imposed on tobacco products delivered for such purposes and, therefore, they are not required to be stamped.

Changes to the treatment of Canadian-produced manufactured tobacco delivered as ships' stores or to a duty free shop, generally applicable after April 5, 2001, now require duty to be paid on it and, therefore, it must be appropriately stamped (see commentary on clause 8). Subparagraphs 239(2)(a)(i), (iii) and (iv) and (2)(b)(iv) and (vi) are therefore amended to reflect that change.

Amended subparagraphs 239(2)(a)(iii) and (2)(b)(vi) reflect the fact that manufactured tobacco continues to be duty-free, and therefore is not required to be stamped, when it is imported and delivered for use as ships' stores. Similarly, amended subparagraphs (2)(a)(iii) and (iv) and (2)(b)(iv) reflect the fact that there continues to be no stamping requirement for imported manufactured tobacco that is sold in a duty free shop. However, while the absence of a stamping requirement

indicates that such imported tobacco is not subject to duty under the *Excise Act*, reference should be made to new section 23.12 of the *Excise Tax Act*, which imposes a new excise tax on imported manufactured tobacco that is for sale in Canada in duty free shops. That new excise tax is payable by the operator of the duty free shop at the time the imported tobacco products are delivered to the shop (see commentary on clause 18).

The amendments to subsection 239.1(2) generally come into force on April 6, 2001 but the rules under existing section 239.1 continue to apply to manufactured tobacco entered into a bonding warehouse before that day.

## Clause 15

### Where Possession or Sale of Unstamped Manufactured Tobacco or Cigars Not an Offence

Excise Act  
240(2) and (3)

Subsection 240(1) of the *Excise Act* makes it an offence, in certain instances, to sell, offer for sale, or have in one's possession, tobacco products that are not properly put up in packages and stamped as required under the Act. Subsections 240(2) and (3) then set out the exceptions to that rule.

Changes to the treatment of Canadian-produced manufactured tobacco delivered as ships' stores or to a duty free shop, generally applicable as of April 6, 2001, now require duty to be paid on the tobacco and, therefore, it must be appropriately stamped (see commentary on clause 8). The amendments to section 240 are consequential on those changes.

Paragraph 240(2)(d) is amended to remove the existing exception with respect to Canadian-produced manufactured tobacco in the possession of a licensed operator of a bonded warehouse, sufferance warehouse or duty free shop. Paragraph 240(2)(f) is amended to remove the existing exception with respect to the possession of Canadian-produced manufactured tobacco as ships' stores.

Paragraph 240(3)(a) is amended to remove the existing exception for manufacturers with respect to Canadian-produced manufactured tobacco sold or offered for sale as ships' stores.

Subparagraphs 240(3)(c)(i) and (ii) are amended to remove the existing exception available to operators of bonded warehouses in relation to Canadian-produced manufactured tobacco sold or offered for sale as ships' stores.

Finally, paragraph 240(3)(d) is amended to remove the existing exception available to an operator of a duty free shop in relation to Canadian-produced manufactured tobacco sold or offered for sale in a duty free shop.

In all of the instances where the exception is removed, the tobacco in question is subject to duty and, therefore, is also subject to the applicable stamping requirements, generally as of April 6, 2001. The changes to section 240 likewise apply as of April 6, 2001 except that the existing rules under section 240 continue to apply to any manufactured tobacco that had been entered into a bonding warehouse before that day.

## **Clause 16**

### **Interpretation**

#### **Excise Tax Act**

##### **2**

Section 2 of the *Excise Tax Act* defines terms used in Parts I to VIII of the Act (other than section 121) and contains certain application and interpretation rules relevant to the application of those Parts.

## Subclauses 16(1) and (2)

### Definitions

#### Excise Tax Act

##### 2(1)

Subsection 2(1) of the *Excise Tax Act* contains, among other things, definitions relevant to the excise tax imposed under Part III of the Act on tobacco products. The subsection is amended to delete the definitions of "Atlantic manufactured tobacco", "black stock manufactured tobacco" and "licensed tobacco manufacturer". The subsection is also amended to add the definitions of "foreign duty free shop" and "foreign ships' stores". These amendments come into force on April 6, 2001.

"Atlantic manufactured tobacco" refers to manufactured tobacco that is marked or stamped to indicate that it is intended for retail sale in the provinces of Nova Scotia, New Brunswick, Prince Edward Island and Newfoundland (but not marked or stamped to indicate that it is intended for retail sale specifically in Nova Scotia or New Brunswick). The term "Atlantic manufactured tobacco" is no longer used in the *Excise Tax Act*. Therefore, the definition is repealed, effective April 6, 2001.

"Black stock manufactured tobacco" refers to manufactured tobacco, other than cigarettes and tobacco sticks, that is stamped to indicate that it has borne federal excise duty and tax, but not stamped or marked so as to indicate that it is intended for retail sale in a particular province or provinces. This stamp was necessary to distinguish that tobacco when it attracted a reduced rate of federal excise tax. Given that, as of April 6, 2001, such tobacco no longer attracts a reduced rate of federal excise tax, there is no need to continue to refer to it separately. Therefore, the definition is repealed, effective on that day (see commentary on amendments to Schedule II to the Act under clause 41).

"licensed tobacco manufacturer" refers to a tobacco manufacturer, within the meaning of section 6 of the *Excise Act*, who is licensed under that Act. The definition is repealed since it is no longer used in the *Excise Tax Act*. The term had been relevant to sections 68.165 to 68.168 of the *Excise Tax Act*, which provided for deductions in

computing excise taxes payable under section 23 in respect of certain tobacco products that were held in inventory when excise tax rate changes came into effect in 1994. Those provisions have since lapsed and are therefore repealed (see commentary on clause 27).

"Foreign duty free shop" is defined as a retail store that is located in a foreign country and is authorised by that country to sell goods free of certain duties and taxes to departing travellers. The term "foreign duty free shop" is defined in existing section 23.22 for specific purposes. Since, as of April 6, 2001, that section is repealed and the term continues to be used in several provisions of the *Excise Tax Act*, the definition is added to subsection 2(1) so that it applies, as of that day, to Parts I to VIII of the Act (see commentary on clause 18).

"Foreign ships' stores" are defined as tobacco products taken on board a vessel or aircraft while it is outside Canada and that are intended for consumption by, or sale to, the passengers and crew while they are on board the vessel or aircraft. The term "foreign ships' stores" is used in new sections 23.11 and 23.13 of the *Excise Tax Act* (see commentary on clause 18).

### **Subclause 16(3)**

#### **Atlantic Provinces Markings**

#### **Excise Tax Act 2(7)**

Existing subsection 2(7) of the *Excise Tax Act* provides that, for certain purposes, manufactured tobacco with Atlantic Provinces markings is deemed not to be marked to indicate that it is intended for retail sale in Nova Scotia or New Brunswick. The special markings were once used to distinguish this tobacco, which then attracted a reduced federal excise tax rate. The Atlantic Provinces markings are no longer used. Therefore this subsection is repealed, effective April 6, 2001.

**Clause 17****Excise Tax on Tobacco Products****Excise Tax Act  
23**

Section 23 of the *Excise Tax Act* imposes an excise tax on various goods imported into Canada or manufactured or produced in Canada, among which are tobacco products mentioned in Schedule II to the Act. The tax is imposed under subsection 23(1). Subsections 23(8) and (8.2), among others, set out various circumstances in which the tax does not apply.

**Subclauses 17(1) and (2)****Tax on Tobacco Products at Schedule II Rates****Excise Tax Act  
23(1) and (5)**

Existing subsection 23(1) makes reference to subsection 23.2(6), which has been repealed. The reference to the repealed provision is therefore removed from subsection 23(1).

Similarly, existing subsection 23(5) makes reference to subsection 23.2(5), which has been repealed. The reference to the repealed provision is therefore removed from subsection 23(5).

These amendments come into force on April 6, 2001.

### Subclause 17(3)

#### Exception for Duty-paid Manufactured Tobacco Imported by Traveller

##### Excise Tax Act 23(8)(b.2)

New paragraph 23(8)(b.2) provides relief from the excise tax under subsection 23(1) on manufactured tobacco imported by an individual for their own use if the tobacco bears a stamp as required under the *Excise Act* and the product has borne duty under that Act. All Canadian-produced tobacco products on which duty under the *Excise Act* is imposed are required to bear a stamp. The presence of the stamp on tobacco products brought back into Canada therefore indicates that duty was paid on the product prior to its export.

New sections 52.1 and 58.1 of the *Excise Act* prohibit Canadian-produced manufactured tobacco from being exported in bond for delivery to a foreign duty free shop or as foreign ships' stores. These provisions therefore trigger the imposition of the duty under section 200 of that Act on the tobacco products at the time they are fully manufactured. In addition, new section 23.11 of the *Excise Tax Act* imposes an excise tax on such tobacco products at the time they are exported from Canada by their manufacturer. New paragraph 23(8)(b.2) therefore ensures that the tobacco does not also bear the excise tax under subsection 23(1) when it is brought back to Canada by a returning resident (see also the commentary on clauses 8, 9 and 18).

New paragraph 23(8)(b.2) comes into force on April 6, 2001, which coincides with the effective date of new sections 52.1 and 58.1 of the *Excise Act* and new section 23.11 of the *Excise Tax Act*.

**Subclause 17(4)****Exception in the Case of Certain Exported Tobacco**

Excise Tax Act  
23(8.2)

Subsection 23(8.2) of the *Excise Tax Act* provides for exemptions from the excise tax under subsection 23(1) of the Act. Existing paragraph 23(8.2)(a) exempts tobacco products when they are exported in bond by their manufacturer. The subsection is amended so that the condition that the export be "in bond" no longer applies in the case of all tobacco products.

The condition that the export must be in bond continues to apply to cigars, to partially manufactured tobacco, being cut rag, cut filler or tobacco manufactured less fully than cut rag or cut filler, and to tobacco that is prescribed under section 23.3, which is produced exclusively for export, and that is not for delivery to a foreign duty free shop or as foreign ships' stores. Other tobacco products are not permitted to be exported in bond in certain circumstances.

Nevertheless, they continue to be relieved of the tax under subsection 23(1) when they are exported by their manufacturer since they are instead subject to the new excise taxes under sections 23.11 and 23.13 of the Act (see commentary on clause 18).

The amendment to subsection 23(8.2) applies to tobacco products exported after April 5, 2001.

**Clause 18****Excise Taxes on Tobacco Products Sold in Duty-free or Export Markets**

Excise Tax Act  
23.1; 23.11; 23.12; 23.13 and 23.2

**Section 23.1 Definition of "Tobacco Product"**

Existing section 23.1 of the *Excise Tax Act* defines the term "tobacco product" for purposes of the existing export tax on tobacco products

under section 23.2, and for purposes of other provisions related to that tax. Section 23.1 is amended to remove the reference to section 23.2 since the export tax under that section is repealed for exports after April 5, 2001. The definition "tobacco product" in section 23.1 applies instead for purposes of new sections 23.11, 23.12 and 23.13. It also continues to apply for purposes of section 23.3.

The amendment to section 23.1 comes into force on April 6, 2001.

Section 23.11 Tax on Domestic Tobacco Delivered to a Duty Free Shop, Bonded Warehouse or as Ships' Stores

New section 23.11 of the *Excise Tax Act* imposes an excise tax on Canadian-produced tobacco products (as defined in amended section 23.1 of the Act) that are delivered in Canada to a duty free shop, a bonded warehouse, or for use as ships' stores. It also applies to Canadian-produced tobacco products that are exported for delivery to a foreign duty free shop or as foreign ships' stores (as newly defined in subsection 2(1)).

The tax is payable by the manufacturer of the tobacco products at the time of delivery in the case of deliveries in Canada, and at the time of export, in the case of deliveries to a foreign duty free shop or as foreign ships' stores. The tax is imposed at the rate of \$4.50 per carton of 200 cigarettes, \$3.33 per carton of 200 tobacco sticks and \$2.33 per 200 grams of manufactured tobacco other than cigarettes and tobacco sticks (e.g., fine-cut tobacco).

It should be noted that new sections 52.1 and 58.1 of the *Excise Act* (see clauses 8 and 9) ensure that these products are also subject to excise duty under that Act since they are no longer permitted to be entered into a bonding warehouse after their manufacture. They are, therefore, charged with the duty at the time they are completely manufactured. Therefore, the total of the excise tax and excise duty amounts to \$10 per carton for cigarettes, \$7 per carton for tobacco sticks and \$6 per 200 grams for fine-cut tobacco.

The excise tax under new section 23.11 generally comes into force on April 6, 2001, but does not apply to tobacco products that had been entered into a bonding warehouse before that day.

It should also be noted that imported tobacco products sold in Canada in duty free shops are charged with an excise tax under new section 23.12 of the *Excise Tax Act*, at a rate equivalent to the combined excise tax and duty rate applicable to domestic tobacco products sold in the shop. The tax under new section 23.12 is payable by the shop operator at the time the imported tobacco products are delivered to the shop.

#### Section 23.12 Tax on Imported Tobacco Products Delivered to a Duty Free Shop

New section 23.12 of the *Excise Tax Act* imposes an excise tax on tobacco products (as defined in amended section 23.1 of the Act) that are imported and delivered to a duty free shop in Canada. The tax is imposed at the rate of \$10 per carton of 200 cigarettes, \$7 per carton of 200 tobacco sticks and \$6 per 200 grams of manufactured tobacco other than cigarettes and tobacco sticks (e.g., fine-cut tobacco). Under subsection 23.12(2), the duty free shop operator is liable to pay the tax at the time the tobacco is delivered to the duty free shop.

Reference should also be made to new section 68.172 of the *Excise Tax Act* (see commentary on clause 28). That section permits the operator of the duty free shop to obtain a refund of the tax under section 23.12 in respect of a specified quantity of imported tobacco products that are sold to a non-resident individual who takes the products back out of the country.

Section 23.12 applies to imported tobacco products delivered to a duty free shop after April 5, 2001.

#### Section 23.13 Tax on Exports of Tobacco Products

New section 23.13 of the *Excise Tax Act* imposes new export taxes on Canadian-produced tobacco products at the time they are exported. These taxes replace the existing export tax on tobacco products (under repealed section 23.2) for exports after April 5, 2001.

Pursuant to the definition of "tobacco product" in section 23.1, the new taxes do not apply to partially manufactured tobacco (i.e., cut rag, cut filler or tobacco products manufactured less fully than cut rag or cut filler). Further, the new taxes do not apply to products

prescribed under section 23.3 of the Act, which are produced exclusively for export.

Also excluded from the scope of the excise taxes under new section 23.13 are exports for delivery to foreign duty free shops or as foreign ships' stores. Such exports are, instead, subject to tax and duty under separate provisions, being new subsection 23.11(1) of the *Excise Tax Act* and section 200 of the *Excise Act* (by virtue of new sections 52.1 and 58.1 of the *Excise Act*).

Subsection 23.13(1) imposes tax on tobacco products exported by their manufacturer in bond in accordance with new subparagraph 58.1(3)(a)(i) and paragraph 58.1(3)(b) of the *Excise Act*.

Subparagraph 58.1(3)(a)(i) requires adherence to subsection 58.1(4) of that Act, which imposes a limit on the quantity of tobacco products that can be removed from a bonding warehouse for export in bond (i.e., duty-free) by a manufacturer in any given year (not counting partially manufactured tobacco and prescribed tobacco products under section 23.3 that are produced exclusively for export). Further, pursuant to paragraph 58.1(3)(b) of that Act, the removal of the tobacco from a bonding warehouse and the exportation referred to in subparagraph (3)(a)(i) must be in accordance with the applicable regulations made under the *Excise Act*.

Where a manufacturer's annual quantity limit on in-bond exports has not been exceeded, the tax under new section 23.13 of the *Excise Tax Act* is imposed under subsection 23.13(1) at the rate of \$10 per carton of 200 cigarettes, \$7.00 per carton of 200 tobacco sticks and \$30.00 per kilogram of manufactured tobacco other than cigarettes and tobacco sticks (e.g., fine-cut tobacco). This tax is refundable under new section 68.171 of the Act if all taxes and duties imposed, at the national level, by the foreign jurisdiction to which the products are exported are paid (see commentary on clause 28).

Where tobacco products are exported otherwise than in accordance with subparagraph 58.1(3)(a)(i) and paragraph 58.1(3)(b) of the *Excise Act* (e.g., where they are in excess of the manufacturer's annual limit determined under subsection 58.1(4) of that Act), they are subject to the non-refundable higher excise tax imposed under subsection 23.13(2) of the *Excise Tax Act*.

The tax rates under subsection 23.13(2) are set higher than those under subsection 23.13(1) to reflect the total of the federal excise tax and the approximate provincial product and sales taxes imposed on tobacco products in the lowest-rate province. The excise tax under subsection 23.13(2) is imposed at the rate of \$16.50 per carton of 200 cigarettes, \$12.33 per carton of 200 tobacco sticks and \$41.65 per kilogram of manufactured tobacco other than cigarettes and tobacco sticks. It should be noted that, in these circumstances, the exported tobacco products are not permitted to be exported in bond and are therefore also subject to the excise duty under the *Excise Act*. The combined excise tax and duty on these exports is, therefore, \$22 per carton of cigarettes, \$16 per carton of tobacco sticks and \$60 per kilogram of fine-cut tobacco.

Section 23.13 applies to tobacco products exported after April 5, 2001.

### Section 23.2 Tax on Exports of Tobacco Products Before April 6, 2001

Existing section 23.2 of the *Excise Tax Act* imposes an excise tax on tobacco products (as defined in section 23.1 of the Act) that are manufactured in Canada and exported, subject to the exemptions set out in existing sections 23.21 to 23.3 of the Act. Section 23.2 is repealed with respect to tobacco products exported on or after April 6, 2001, which is the date on which the new export taxes imposed under section 23.13 of the Act come into force.

It should be noted that, for exports after March 2000 and before April 6, 2001, a related amendment to subsection 23.21(2) reduces the exemption threshold under the existing export tax (see commentary on clause 19).

## **Clause 19**

### **Exemption from Export Tax Before April 6, 2001**

#### **Excise Tax Act 23.21**

Existing section 23.2 of the *Excise Tax Act* imposes excise taxes on certain exports of tobacco products (as defined in section 23.1 of the

Act). Subsection 23.21(2) provides for an exemption from that tax. The existing exemption generally applies to that quantity of a particular category of tobacco product exported by a manufacturer in a calendar year that does not exceed 2.5% of the manufacturer's previous year's production of that category of tobacco product.

The amendment to subsection 23.21(2) under subclause 19(1) reduces the annual exemption from that export tax from 2.5% to 1.5% of the manufacturer's production in the preceding year. The amendment applies to exports after March 2000 but the new threshold is prorated for the 2000 calendar year such that, for purposes of that year, an exemption for 1.75% of the previous year's production applies.

Existing section 23.2 is repealed with respect to exports on or after April 6, 2001, when new export taxes on tobacco products are imposed under section 23.13 of the *Excise Tax Act*. Concurrent changes are made to the excise duty on exported tobacco products (see commentary on clauses 8, 9 and 18). Consequently, section 23.21 is repealed, effective April 6, 2001.

## Clause 20

### Exemption for Tobacco Products for Sale in Foreign Duty Free Shop

#### Excise Tax Act 23.22

The amendment repeals, as of April 6, 2001, section 23.22 of the *Excise Tax Act*, which exempts, from the existing export tax under section 23.2 of the Act, exports of tobacco products that are for delivery to a foreign duty free shop. Section 23.22 is repealed concurrent with the repeal of the existing export tax under section 23.2, which is replaced by the new taxes under section 23.13 of the Act (see commentary on clause 18).

It should be noted that the term "foreign duty free shop", which is defined in existing subsection 23.22(1), is still relevant for purposes of the new tax on tobacco products delivered to duty free shops and the new export tax provisions. The definition is therefore moved to subsection 2(1) of the Act (see commentary on clause 16).

**Clause 21****Exemptions for Prescribed Tobacco Products**

Excise Tax Act  
23.3(1) and (2)

Existing section 23.3 of the *Excise Tax Act* exempts from the tax on exported tobacco products under existing section 23.2 certain prescribed tobacco products of a particular brand, and prescribed cigarettes of a particular type or formulation, that are produced in Canada exclusively for export. Subsections 23.3(1) and (2) are amended to reflect the repeal of the tax under existing section 23.2 and to apply, instead, for purposes of the new export taxes under section 23.13 on tobacco products manufactured in Canada and exported. These amendments come into force on April 6, 2001.

**Clause 22****Tax on Tobacco Products Sold to Purchaser Not Authorised to Resell in Ontario**

Excise Tax Act  
23.31

Existing section 23.31 of the *Excise Tax Act* imposes an excise tax, in addition to the excise tax imposed under section 23 of the Act, on all diverted Ontario-marked manufactured tobacco products other than tobacco sticks. Under the existing legislation, manufactured tobacco products, other than tobacco sticks, that are marked or stamped for retail sale in Ontario are subject to a reduced rate of federal excise tax under section 23 at the time that their manufacturer delivers them to a purchaser. Section 23.31 ensures that the products ultimately bear tax at the higher general federal excise tax rate if they are instead sold to a person (other than a consumer) who is not authorised to sell tobacco products in Ontario. The additional tax is payable, by the person making the unauthorized sale, at the time of that sale.

Section 23.31 is amended so as to apply only to cigarettes since these are the only tobacco products for sale in Ontario that continue to bear a reduced federal excise tax rate under section 23 of the Act, after

April 5, 2001 (see commentary on amendments to section 3 of Schedule II to the Act). Accordingly, the amendments to section 23.31 come into force on April 6, 2001.

## Clause 23

Tax on Cigarettes Sold to Purchaser Not Authorised to Resell in Quebec or New Brunswick

Excise Tax Act

23.32(1)

Existing section 23.32 of the *Excise Tax Act* imposes an excise tax, in addition to the excise tax imposed under section 23 of the Act, on cigarettes that are marked or stamped for retail sale in Quebec or New Brunswick and that are sold to a purchaser, other than a consumer, who is not authorized to sell cigarettes in the province. Under the existing legislation, cigarettes for retail sale in Quebec or New Brunswick are subject to a reduced rate of federal excise tax under section 23 at the time that their manufacturer delivers them to a purchaser. Section 23.32 ensures that the cigarettes ultimately bear tax at the higher general federal excise tax rate if they are instead sold to an unauthorized purchaser. The additional tax is payable, by the person making the unauthorized sale, at the time of that sale.

Subsection 23.32(1) is amended so as to apply only to cigarettes marked or stamped for retail sale in Quebec because, as of April 6, 2001, the reduced federal excise tax rate no longer applies to cigarettes that are for retail sale in New Brunswick (see commentary on amendments to section 1 of Schedule II to the Act). An amendment is also made to paragraph 23.32(1)(b) to add the word "producer" for consistency with other provisions that refer to a "manufacturer or producer".

These changes come into force on April 6, 2001.

**Clause 24****Tax on Cigarettes Diverted from Sale in Nova Scotia or Prince Edward Island****Excise Tax Act  
23.33 to 23.341**

Existing section 23.33 of the *Excise Tax Act* imposes an excise tax, in addition to the excise tax imposed under section 23 of the Act, on cigarettes that, at the time that their manufacturer delivered them to a purchaser, were charged with federal excise tax at the reduced rate then applicable to cigarettes intended for retail sale in Nova Scotia. The cigarettes also become subject to the tax under section 23.33 if they are sold to a purchaser, other than a consumer, who is not authorized to sell cigarettes in that province.

Similarly, existing sections 23.34 and 23.341 of the Act impose an additional excise tax on cigarettes that were, at the time of their delivery to a purchaser, charged with federal excise tax at the reduced rate then applicable to cigarettes sold in Prince Edward Island but that are sold to a person, other than a consumer, who is not authorized to sell cigarettes in that province.

In each case, the additional tax is imposed to ensure that the cigarettes ultimately bear tax at the higher general federal excise tax rate if they are sold to an unauthorized purchaser. The additional tax on the cigarettes is payable, by the person making the unauthorized sale, at the time of that sale.

These sections are repealed because, as of April 6, 2001, cigarettes for sale in Nova Scotia or Prince Edward Island are no longer subject to a reduced rate of federal excise tax (see commentary on amendments to section 1 of Schedule II to the Act). Accordingly, these sections are repealed as of that day.

## Clause 25

### Tax on Black Stock if Unauthorized Sale in Ontario

#### Excise Tax Act

#### 23.35

Existing section 23.35 of the *Excise Tax Act* imposes an excise tax, in addition to the excise tax imposed under section 23 of the Act, on certain tobacco products, referred to as "black stock", when they are sold in unauthorized quantities or to unauthorized purchasers in the Province of Ontario. "Black stock" is defined in subsection 2(1) of the Act to mean manufactured tobacco that is stamped to indicate that it has borne excise tax and duty but not so as to indicate that it is for retail sale in any particular province or provinces.

Under the existing legislation, black stock (other than tobacco sticks) is charged, at the time that its manufacturer delivers it to a purchaser, with a reduced rate of federal excise tax if the sale is in authorized quantities to a retailer that is situated on a reserve in Ontario and is authorized to sell black stock cigarettes to Indian consumers in the province. Section 23.35 ensures that the products ultimately bear tax at the higher general federal excise tax rate if they are sold in unauthorized quantities or to unauthorized purchasers.

Section 23.35 is amended so as to apply only to sales of black stock cigarettes since cigarettes are the only manufactured tobacco product for sale in Ontario that continues to attract a reduced rate of federal excise tax after April 5, 2001 (see commentary on amendments to section 3 of Schedule II to the Act). Accordingly, the amendments to section 23.35 come into force on April 6, 2001.

## Clause 26

### Tax on Black Stock Cigarettes if Unauthorized Sale in Nova Scotia

#### Excise Tax Act

#### 23.36

Existing section 23.36 of the *Excise Tax Act* imposes an excise tax, in addition to the excise tax imposed under section 23 of the Act, on

certain cigarettes, referred to as "black stock cigarettes", when they are sold in unauthorized quantities or to unauthorized purchasers in the Province of Nova Scotia. The term "black stock cigarettes" is defined in subsection 2(1) of the Act to mean cigarettes that are stamped to indicate that they have borne excise tax and duty but not so as to indicate that they are for retail sale in any particular province or provinces.

Under the existing legislation, black stock cigarettes are charged with a reduced rate of federal excise tax if their manufacturer sells them, in authorized quantities, to a provincially-authorized wholesale vendor who acquires them for resale to a designated retail vendor.

Designated retail vendors are authorized by the province of Nova Scotia to sell manufactured tobacco to Indian consumers on a reserve in the province. Section 23.36 ensures that the cigarettes ultimately bear federal excise tax at the higher general excise tax rate if they are sold in unauthorized quantities or to unauthorized purchasers.

Section 23.36 is repealed because, as of April 6, 2001, cigarettes for sale in the Province of Nova Scotia no longer attract a reduced rate of federal excise tax (see commentary on amendments to section 1 of Schedule II to the Act). Accordingly, section 23.36 is repealed as of that day.

## **Clause 27**

### **Deductions or Refunds in Respect of Excise Tax on Tobacco Products**

#### **Excise Tax Act**

68.161 to 68.169

Existing section 68.161 of the *Excise Tax Act* provides for a refund in respect of the tax on exported tobacco products under existing section 23.2 of the Act. Section 68.161 is repealed with respect to tobacco products exported after April 5, 2001 because of the concurrent repeal of that export tax and its replacement by the new taxes on exported tobacco products under section 23.13 of the Act (see commentary on clause 18).

Existing sections 68.162 to 68.168 of the Act provide for rebates and deductions in computing excise taxes payable under section 23 in respect of tobacco products that were held in inventory when excise tax rate changes came into effect in 1994. Those provisions have since lapsed and are therefore repealed, effective April 6, 2001.

Existing section 68.169 authorises the Minister of National Revenue to pay a rebate to a wholesale vendor licensed by the Province of Prince Edward Island in respect of sales of cigarettes that are marked or stamped to indicate that they are intended for retail sale in the Province of Nova Scotia. The rebate is available where the licensed wholesale vendor sells such cigarettes to a licensed retail vendor or consumer in Prince Edward Island. For reasons of commercial efficiency, the Nova Scotia stamps and markings are used in the case of tobacco products sold in Prince Edward Island. The rebate reduces the effective federal excise tax rate on such cigarettes sold in Prince Edward Island to the rate intended to apply to cigarettes sold in that province.

Given that, as of April 6, 2001, cigarettes for sale in the provinces of Nova Scotia and Prince Edward Island no longer attract a reduced rate of federal excise tax, the rebate provision under section 68.169 is repealed (see also the commentary on amendments to section 1 of Schedule II to the Act). This amendment applies to sales occurring after April 5, 2001.

## **Clause 28**

### **Rebates and Refunds in Respect of Exported Tobacco Products**

Excise Tax Act  
68.171 and 68.172

New sections 68.171 and 68.172 of the *Excise Tax Act* provide for rebates or refunds in respect of excise tax paid on certain tobacco products that have been exported.

#### Section 68.171     Rebate of Tax to Importer if Foreign Taxes Paid

Under section 68.171, the export tax under new subsection 23.13(1) that is imposed on tobacco products (as defined in section 23.1)

exported in bond by their manufacturer for sale in a foreign domestic market is recoverable. The tax is recoverable if it is established that all duty and taxes levied on the products at the national level by the foreign country to which the products were exported have been paid. The rebate under section 68.171 does not apply to prescribed products manufactured exclusively for export, which are exempted under section 23.3 from the tax on exports.

In order to qualify for the recovery of tax imposed under subsection 23.13(1), the manufacturer of the tobacco must have satisfied the conditions imposed on the exportation of tobacco products in bond, referred to in subparagraph 58.1(3)(a)(i) and paragraph 58.1(3)(b) of the *Excise Act*. Specifically, the manufacturer must not have exceeded the manufacturer's annual limit on duty-free exports, as determined under subsection 58.1(4) of that Act. Further, the products must have been marked in accordance with section 202 of that Act to indicate that they were not for sale in Canada.

Subsection 68.171(1) first allows the person who imports the tobacco products into the foreign country to claim a rebate equal to the lesser of the total of the foreign taxes and duties paid and the tax paid under subsection 23.13(1) by the manufacturer. Subsection 68.171(4) then allows the manufacturer to claim a refund for the remaining amount, if any, by which the tax paid by the manufacturer exceeds the amount of the rebate to the importer. Pursuant to section 68.171 and section 72, application for these rebates must be made in the prescribed form and manner within two years after the exportation.

No rebate is available for tobacco products exported in circumstances in which the manufacturer has exceeded the manufacturer's annual limit on duty-free exports. In such cases, the manufacturer is liable for the excise tax on the exported products under subsection 23.13(2) of the *Excise Tax Act*, which is non-recoverable. The manufacturer is also liable for excise duty under the *Excise Act* on these products.

The onus is on the manufacturer to ensure that the importer is aware of whether a rebate is available with respect to any particular importation. Therefore, under subsection 68.171(3), if the importer has been paid an amount as a rebate, or as interest thereon, in those circumstances where no rebate was available, the amount is recaptured from the manufacturer, with interest if applicable. This is accomplished by deeming the amount paid to the importer to be tax

payable under Part III of the Act by the manufacturer. The amount is deemed to have become payable by the manufacturer on the last day of the first month following that in which the amount was paid to the importer.

New section 68.171 comes into force on April 6, 2001, which corresponds to the effective date of the new export tax under subsection 23.13(1) of the Act.

### Section 68.172     Refund of Tax to Operator of Duty Free Shop

New section 68.172 provides authority for the Minister of National Revenue to refund, to the operator of a Canadian duty free shop, tax paid by the operator under new section 23.12 on imported tobacco products, if the operator can show that the products have been sold to a non-resident individual who exported them. The refund is available for the tax paid on the first carton of cigarettes, the first carton of tobacco sticks and the first 200 grams of other manufactured tobacco purchased by the non-resident.

Pursuant to subsection 68.172(2) and section 72 of the Act, application for the rebate must be made in the prescribed form and manner within two years after the sale of the products by the duty free shop operator to the non-resident.

New section 68.172 comes into force on April 6, 2001, which corresponds to the effective date of the new tax under section 23.12 on imported tobacco products delivered to a duty free shop.

## **Clause 29**

### **Tax-paid Inventory Held When Duty Free Shop Licence Granted**

#### **Excise Tax Act 68.18(3.1)**

Under existing subsection 68.18(2) of the *Excise Tax Act*, where, on the day a person is granted a licence to operate a duty free shop, the person holds in inventory for resale in the shop products that were subject to the excise tax under section 23, the person can apply for a rebate equal to the amount of that tax. The rebate is provided

because, under the existing legislation, after becoming so licensed, the person is able to purchase the products for sale in the shop exempt from that excise tax.

New subsection 68.18(3.1) is added to exclude tobacco products from the application of this rebate provision. This change is made to reflect the fact that, generally as of April 6, 2001, tobacco products delivered for sale in duty free shops will no longer be exempt from all tax under Part III of the Act. While they will continue to be exempt from the tax under section 23 of the Act, they are charged with an excise tax under new section 23.11 (see commentary on clause 18).

New subsection 68.18(3.1) comes into force on April 6, 2001.

### **Clause 30**

#### **Applications for Refunds or Rebates and Interest Thereon**

##### **Excise Tax Act 72(2), (3) and (7)**

Section 72 of the *Excise Tax Act* sets out rules relating to the making of applications for amounts of rebates or refunds under certain provisions of Part III of the Act and the payment to the applicant of interest on those amounts where applicable. Subsections 72(2), (3) and (7) are amended to remove the references therein to sections 68.161 to 68.169 of the Act as of April 6, 2001.

Section 68.161, which provides for a refund of the existing export tax on tobacco products under section 23.2 of the Act, ceases to apply with respect to exports after April 5, 2001 since that export tax is concurrently repealed (see commentary on clause 18).

Sections 68.162 to 68.168 provided for rebates or deductions from the excise tax payable under section 23 in respect of tobacco inventories held when excise tax rate changes went into effect in 1994. Those provisions have since lapsed and are repealed, effective April 6, 2001, under clause 27.

Finally, clause 27 also repeals the existing refund provision under section 68.169, which reduced the effective federal excise tax rate on

cigarettes for sale in the Province of Prince Edward Island to the rate applicable in that province. That refund provision is repealed with respect to sales after April 5, 2001 because of the concurrent removal of the reduced federal excise tax rate on cigarettes for sale in that province (see commentary on amendments to section 1 of Schedule II to the Act).

## Clause 31

### Deductions from Part III Tax Remittable

Excise Tax Act  
74(1)

Subsection 74(1) of the *Excise Tax Act* permits a refund owing under Part III to a person who is required to pay tax under that Part to be set off against an amount payable by the person. The existing subsection refers to some refund provisions under Part III, and return provisions under other Parts of the Act, that are no longer operative or are being repealed. The references to those provisions are therefore removed from subsection 74(1). This amendment comes into force on April 6, 2001.

## Clause 32

### Monthly Returns

Excise Tax Act  
78

Section 78 of the *Excise Tax Act* sets out rules relating to the making of returns and the payment of tax, including the excise tax on tobacco products under Part III of the Act. The existing section refers, in subsections (1) to (4), to the taxpayer's taxable sales.

The references to sales in subsections 78(1) to (4) are removed to reflect the fact that the new excise tax under section 23.12 is not imposed in respect of sales by the taxpayer (see commentary on clause 18). In that case, the taxpayer is the operator of a duty free shop and the tax is payable in respect of deliveries to the shop of

imported tobacco. The return that the operator is required to make each month under section 78 is in respect of the preceding month's deliveries to the shop. The amendments also remove references to provisions that are no longer operative.

The amendments to section 78 come into force on April 6, 2001, which corresponds to the effective date of the new excise tax under section 23.12.

### **Clause 33**

#### **Interest on Payments Resulting from Disposition of Appeal**

Excise Tax Act  
81.38(8) and (8.1)

Existing subsections 81.38(8) and (8.1) of the *Excise Tax Act* require interest to be paid in certain circumstances on payments made by the Minister of National Revenue that result from the disposition of an appeal respecting certain applications for refunds. The subsections refer to applications under sections 68 to 68.161 and 68.165 to 69.

Subsection 81.38(8) is amended to refer simply to applications under sections 68 to 69 and subsection 81.38(8.1) is repealed. These changes are as a result of the repeal of sections 68.161 to 68.169 under clause 27. These amendments come into force on April 6, 2001.

### **Clause 34**

#### **Unauthorized Sale of Ontario-marked Tobacco Products**

Excise Tax Act  
97.1

Existing section 97.1 of the *Excise Tax Act* makes it an offence to sell or offer for sale, to a consumer in a province other than Ontario, cigarettes or fine-cut tobacco that are marked or stamped to indicate that they are intended for sale in Ontario. This is because the tobacco products would have borne federal excise tax under section 23 of the

Act, at the time that their manufacturer delivered them to a purchaser, at the reduced excise tax rate then applicable to tobacco products intended for sale in the Province of Ontario.

Section 97.1 is amended so as to apply only to cigarettes since, as of April 6, 2001, fine-cut tobacco for sale in Ontario is no longer subject to a reduced rate of federal excise tax (see commentary on changes to section 3 of Schedule II to the Act). Accordingly, the amendment to section 97.1 comes into force on April 6, 2001.

### **Clause 35**

#### **Unauthorized Sale of Quebec or New Brunswick-marked Cigarettes**

##### **Excise Tax Act**

##### **97.2**

Existing section 97.2 of the *Excise Tax Act* makes it an offence to sell or offer for sale, to a consumer in a province other than Quebec or New Brunswick, cigarettes that are marked or stamped to indicate that they are intended for retail sale in Quebec or New Brunswick, as the case may be. This is because the cigarettes would have borne federal excise tax under section 23 of the Act, at the time that their manufacturer delivered them to a purchaser, at the reduced excise tax rates then applicable to cigarettes intended for retail sale in the province corresponding to their markings.

Section 97.2 is amended to delete the references to New Brunswick since, as of April 6, 2001, cigarettes intended for sale in that province are no longer subject to a reduced rate of federal excise tax (see commentary on changes to section 1 of Schedule II to the Act). Accordingly, the amendment to section 97.2 comes into force on April 6, 2001.

**Clause 36**

## Unauthorized Sale of Nova Scotia-marked Cigarettes

## Excise Tax Act

## 97.3

Existing section 97.3 of the *Excise Tax Act* makes it an offence to sell or offer for sale, to a consumer in a province other than Nova Scotia or Prince Edward Island, cigarettes that are marked or stamped under Nova Scotia law. This is because the cigarettes would have borne federal excise tax under section 23 of the Act, at the time that their manufacturer delivered them to a purchaser, at the reduced excise tax rates then applicable to cigarettes intended for retail sale in the Province of Nova Scotia or Prince Edward Island.

Section 97.3 is repealed, effective April 6, 2001, because cigarettes intended for sale in Nova Scotia or Prince Edward Island are no longer subject to a reduced rate of federal excise tax (see commentary on changes to section 1 of Schedule II to the Act).

**Clause 37**

## Unauthorised Sale of Black Stock

## Excise Tax Act

## 97.4 and 97.5

Existing sections 97.4 and 97.5 of the *Excise Tax Act* make it an offence to sell or offer for sale, to unauthorized persons in Ontario and Nova Scotia respectively, black stock or black stock cigarettes. "Black stock" and "black stock cigarettes" are defined in subsection 2(1) of the Act to mean manufactured tobacco and cigarettes, respectively, that have been stamped so as to indicate that they have borne excise tax and duty but not so as to indicate that they are for sale in any particular province or provinces. They are thus distinguishable as tobacco products that are intended for retail sale to Indian consumers on reserves in certain provinces.

Section 97.4 is amended, effective April 6, 2001, so as to apply only to black stock cigarettes because, as of that day, other black stock

products intended for sale in Ontario are no longer subject to a reduced rate of federal excise tax.

Section 97.5 is repealed in its entirety, effective April 6, 2001, since, as of that day, the reduced rate of federal excise tax is eliminated for all cigarettes intended for sale in Nova Scotia, including black stock cigarettes.

## **Clause 38**

Inspection of Records, etc.

Excise Tax Act

98.2

Existing section 98.2 of the *Excise Tax Act* imposes requirements with respect to making available books and records of vendors who have sold certain tax-paid tobacco products to purchasers who have applied for rebates in respect of the tobacco products under any of sections 68.162 to 68.164 of the Act. Those sections provide for the payment of rebates in respect of tobacco held in inventory at various times in the past when changes in the rates of the federal excise tax on tobacco products took effect. The rebate provisions have since lapsed and are repealed under clause 27, effective April 6, 2001. Section 98.2 is therefore no longer necessary and is repealed as of the same day.

## **Clause 39**

Failure to Make Records and Books Available

Excise Tax Act

100(5)

Existing subsection 100(5) of the *Excise Tax Act* makes it an offence to fail to comply with section 98.1 or 98.2 of the Act by failing to make records and books available as required by that section. Subsection 100(5) is amended as of April 6, 2001 to delete the reference to section 98.2 as that section is repealed as of that day (see commentary on clause 38).

## Clause 40

### Excise Tax Rates Applicable to Cigarettes

#### Excise Tax Act Schedule II, section 1

Section 1 of Schedule II to the *Excise Tax Act* sets out the rates of excise tax imposed under section 23 of the Act on cigarettes that are stamped or marked for sale in particular provinces in which a reduced rate of excise tax applies. The section also specifies the general rate of the excise tax on cigarettes for sale in provinces or in territories in which no reduced rate applies.

The amendments to section 1 of the Schedule implement excise tax rate increases on cigarettes in the provinces in which a reduced federal excise tax rate on cigarettes applies under the existing legislation, being Ontario, Quebec, Nova Scotia, New Brunswick and Prince Edward Island. The magnitude of the federal tax increase in each case is such that, together with concurrent provincial tobacco tax increases, the total federal-provincial increase amounts to \$4 per carton of 200 cigarettes.

As a result of the amendments, the federal excise tax rate applicable to cigarettes for sale in the provinces of Nova Scotia, New Brunswick and Prince Edward Island is the rate specified in paragraph 1(f) of Schedule II. Therefore, the only provinces in which a reduced federal excise tax rate continues to apply after April 5, 2001 are Ontario and Quebec.

These changes come into effect on April 6, 2001. It should also be noted that, pursuant to clause 44, for the purposes of applying the provisions of the *Excise Tax Act* that provide for the payment of, or liability to pay, interest in respect of any amount, such as an amount of excise tax, that amount is to be determined, and interest computed on it, as if the enactment implementing the excise tax rate increases were assented to on April 6, 2001.

Paragraph 1(a) of Schedule II sets out the excise tax rate for cigarettes that are marked or stamped to indicate that they are for retail sale in the Province of Ontario and for black stock cigarettes that are intended for retail sale on a reserve in that province. The

paragraph is amended to increase that rate from \$0.08138 to \$0.13138, for each five cigarettes. This federal tax increase therefore amounts to \$2 per carton of 200 cigarettes.

Paragraph 1(b) of the Schedule sets out the excise tax rate for cigarettes that are marked or stamped to indicate that they are for retail sale in the Province of Quebec. The paragraph is amended to increase that rate from \$0.07138 to \$0.12138, for each five cigarettes. This federal tax increase therefore amounts to \$2 per carton of 200 cigarettes.

Existing paragraph 1(c) of the Schedule sets out the excise tax rate for cigarettes that are marked or stamped to indicate that they are for retail sale in the Province of Nova Scotia, and for black stock cigarettes that are intended for retail sale on a reserve in that province. Similarly, existing paragraph 1(d) sets out the rate for cigarettes that are marked or stamped to indicate that they are for retail sale in New Brunswick. The reduced excise tax rates on cigarettes in those provinces is eliminated and paragraphs 1(c) and (d) are repealed. As a result, the general excise tax rate of \$0.13388 per five cigarettes, set out in paragraph 1(f) of the Schedule, applies in those provinces. That represents a federal tax increase of \$0.10 and \$0.30 for each carton of 200 cigarettes, in the case of Nova Scotia and New Brunswick, respectively.

Under existing paragraph 1(e) of the Schedule, a reduced rate of federal excise tax also applies to cigarettes intended for retail sale in the Province of Prince Edward Island. Those cigarettes bear the same stamps and markings as do cigarettes intended for retail sale in Nova Scotia.

Under the existing legislation, the effective federal excise tax rate on cigarettes intended for retail sale in Prince Edward Island is reduced from the rate of \$0.13138 for each five cigarettes set out in paragraph 1(e) of the Schedule to a rate of \$0.10013 for each five cigarettes, by virtue of the refund under existing subsection 68.169(3.24) of the Act. As a result of the repeal of paragraph 1(e) and section 68.169 (see also the commentary on clause 27), the federal excise tax rate applicable to cigarettes for sale in Prince Edward Island is the general rate of \$0.13388 for each five cigarettes under paragraph 1(f) of the Schedule. This amounts to an increase in the federal excise tax on those cigarettes of \$1.35 per carton of 200 cigarettes.

## Clause 41

### Excise Tax Rates Applicable to Tobacco Sticks and Fine-cut Tobacco

#### Excise Tax Act

#### Schedule II, sections 2 and 3

Section 2 of Schedule II to the *Excise Tax Act* sets out the rate of federal excise tax on tobacco sticks that is imposed under section 23 of the Act. Section 2 of the Schedule is amended to increase the rate from \$0.01465 per stick to \$0.01965 per stick. This amounts to an increase of \$1 per carton of 200 tobacco sticks. In the case of tobacco sticks, a uniform federal excise tax rate already applies across all provinces.

Section 3 of the Schedule sets out the applicable rates of federal excise tax on manufactured tobacco other than cigarettes and tobacco sticks (e.g., on fine-cut tobacco). Under existing paragraph 3(a), a reduced rate of excise tax applies to fine-cut tobacco that is marked or stamped to indicate that it is for retail sale in the Province of Ontario and to black stock fine-cut tobacco that is intended for retail sale on a reserve in that province. The existing rate is \$1.648 per kilogram.

The amendment eliminates the reduced rate under paragraph 3(a) and increases the general rate, which now applies across all provinces, from \$10.648 per kilogram to \$15.648 per kilogram, or by \$1 per 200 grams of fine-cut tobacco.

These changes come into effect on April 6, 2001. It should also be noted that, pursuant to clause 44, for the purposes of applying the provisions of the *Excise Tax Act* that provide for the payment of, or liability to pay, interest in respect of any amount, such as an amount of excise tax owing, that amount is to be determined, and interest computed on it, as if the enactment implementing the excise tax rate increases were assented to on April 6, 2001.

## Clause 42

### Non-Taxable Importations under the GST/HST

#### Excise Tax Act

#### Schedule VII, section 1.1

Section 1 of Schedule VII to the *Excise Tax Act* lists certain goods that, by virtue of their inclusion in this Schedule, are not subject to the goods and services tax or harmonized sales tax (GST/HST) imposed under Part IX of the Act when the goods are imported into Canada. The existing section includes goods classified under specified customs tariff items provided that the goods are not subject to duty under the *Customs Tariff*.

New section 1.1 of the Schedule is added to provide that, for purposes of section 1 of the Schedule, "duty" does not include the new duty levied under subsection 21(2) of the *Customs Tariff* on "traveller's tobacco" (see commentary on clause 3). This amendment ensures that the GST/HST continues not to apply to the quantity of tobacco imported by a returning resident that qualifies for relief under the traveller's allowance (e.g., 1 carton, in the case of cigarettes or tobacco sticks) despite the fact that such tobacco is subject to the new duty under subsection 21(2) of the *Customs Tariff*.

This amendment comes into force on October 1, 2001, which corresponds to the effective date of the new duty under subsection 21(2) of the *Customs Tariff*.

## Clause 43

### Tobacco Manufacturers' Surtax

#### Income Tax Act

#### 182(1)

Part II of the *Income Tax Act* imposes a surtax on a corporation's tax payable under Part I of that Act on profits from tobacco manufacturing. The surtax was initially enacted for a 3-year period, then extended until February 8, 2000. The last amendment to this Part made the surtax permanent.

Subsection 182(1) is amended to increase the rate of the surtax from 40% to 50% of a corporation's Part I tax on tobacco manufacturing profits.

This amendment applies to taxation years ending after April 5, 2001. For the taxation year of a corporation that includes that day, the rate increase is prorated according to the number of days in the year that are after April 5, 2001.

## Clause 44

### Application of Interest Provisions

Clause 44 provides that, for the purposes of applying the provisions of the *Customs Act*, the *Excise Act* and the *Excise Tax Act* that provide for the payment of, or liability to pay, interest in respect of any amount, that amount is to be determined, and interest is to be computed on it, as if the *Tobacco Tax Amendments Act, 2001* were assented to on April 6, 2001.

If, for example, a person is required to pay a new duty that is deemed to come into force on April 6, 2001 and the person fails to pay that duty as and when the person would have been required had the amending Act received Royal Assent on April 6, 2001, the person will also be liable to pay interest on the unpaid amount. The interest will be computed from the day on which the person was required to pay the new duty according to the coming into force of the imposition provision and the related payment provisions, to the day the amount was paid. The interest will accrue in that manner despite when the amending Act receives Royal Assent. This rule is consistent with existing interest application rules for purposes of the income tax and the goods and services tax or harmonized sales tax under Part IX of the *Excise Tax Act*.
